Service Excellence

The beating heart of the Kameha experience lies within service excellence. Led by Founder & CEO Carsten K. Rath, who boasts twenty years of experience in the international luxury hotel business and offers a wealth of service excellence knowledge, the Kameha team pride themselves on always keeping in mind the question "How does this benefit my guests?". By putting the needs of the guest at the forefront of their mind, the team at the hotel differentiates the hotel and ensures an unforgettable experience for every individual who passes the threshold.

Life Is Grand With Kameha Grand Zurich

From each individually designed suite to the sensual ambience of the living areas within the hotel, each aspect has been carefully considered to stimulate the senses and this continues throughout both restaurants. The Appenzell cut out patterns on the wall of Japanese fine dining restaurant Yu Nijyo showcase the merging of international cultures as the traditional Swiss craft sits alongside Japanese fine dining. Restaurant L'UNICO offers a flavour of nearby Italy, offering the fresh ingredients and delicious combinations that only Italian cuisine can provide. The unique cuisine offered by both restaurants is thanks to a team of highly respected Michelin starred chefs including Norman Fischer, who joins the team after experience with no less than 7 Michelin starred restaurants.

This property offers an experience which goes above and beyond the needs of business or leisure travellers visiting Zurich. The sensory experience flows through the hotel and must be seen to be believed. A place where fantasy and reality converge, Kameha Grand Zurich is looking to the future of travel and personal service to create a hotel full of innovation and freedom of thought.
